POSTING & NOTICE REQUIREMENTS (INCLUDING LABOR LAW
POSTERS)

State and federal laws and regulations require that California employers conspicuously display a number of posters where they can be read by employees. In addition, some of the posters must be displayed where they can be read by job applicants.

In order to comply with the law and to protect the District, it is mandatory that all departments take steps to ensure that posters are current and prominently displayed. Supervisors of a department with several locations must make certain that posters are displayed at each site.

The posters must be displayed at all work sites in areas frequently visited by employees during the normal course of the workday (i.e., employee entrances, staff lounges, etc.).

The Division will monitor compliance of school sites and departments.

For any questions concerning the posters, a Human Resources Administrator may be contacted.
