## Fresno Unified Update on Negotiations – May 19, 2023

Yesterday, Thursday, May 18<sup>th</sup>, Fresno Unified provided a full response to Fresno Teachers Association's (FTA's) original 26-page interests document and all addendums.

Today, Friday, May 19<sup>th</sup>, Fresno Unified submitted a written notification to FTA that we are moving to traditional, position-based bargaining, effective today. By moving to traditional bargaining Fresno Unified will be able to meet the requests of FTA to provide a full proposal. We are committed to providing our first full initial proposal to FTA and the public by June 1<sup>st</sup>, 2023.

With a return to traditional bargaining, Fresno Unified will also be able to communicate using Negotiation News once again.

We look forward to providing a strong, mutually beneficial first full initial proposal by June 1<sup>st</sup>, 2023, and will communicate that through Negotiation News.
